ABEY AUSTRALIA

ABEY AUSTRALIA IS AN AUSTRALIAN-BASED FAMILY BUSINESS WITH MORE THAN 60 YEARS’ EXPERIENCE. FOR 25 YEARS, ABEY HAS BEEN RECOGNISED AS ONE OF THE LEADERS IN THE AUSTRALIAN KITCHEN AND BATHROOM INDUSTRY, MANUFACTURING AND DISTRIBUTING MORE THAN 3500 PRODUCTS THROUGHOUT AUSTRALASIA.

THE ABEY RANGE FOCUSES ON INNOVATIVE SOLUTIONS, EFFICIENT TECHNOLOGIES AND PRACTICES, AND OUTSTANDING DESIGN. IN RECENT YEARS, ABEY HAS BECOME THE COMPANY OF FIRST-CALL FOR THE BEST EUROPEAN DESIGN AND INNOVATION IN THE AUSTRALASIAN KITCHEN AND BATHROOM MARKET.
SCHOCK was established in 1924 and took the world by storm with the creation of the first granite sink, which to this day continues to be manufactured in Germany. The quality German engineered sinkware has been created using state-of-the-art composite Nanogranite® materials.

It offers exceptional strength and durability, stain resistance and inert, antibacterial properties. The SCHOCK range includes 90 patents and over 200 sink models, in various colours and finishes. You can expect the material technology to be impact and stain resistant, heat resistant, food safe and also offer a dirt repellent effect. SCHOCK sinks are created to last and to leave the surface free of odour.

Over the course of history, France has become synonymous with rich culture and strong heritage which is embodied through the spirit of Chambord. The desire for beautiful French craftsmanship is expressed through each product, from design to manufacturing and from raw materials to the finished product. Chambord have been using the same techniques, precision and pride since 1896. Bringing their product into your kitchen, you are bringing a piece of history and prestige.

These kitchen sinks are made with ceramic, which is an ideal material for the kitchen. It’s easy to clean, insensitive to temperature and effortlessly hygienic. Chambord sinks are statement as well as an object of utility at home in the grandest of kitchens.

PIAZZA BLACK PEARL

The Piazza Black Pearl has a new finishing process that creates a tough durable surface. Shot peening the stainless steel surface creates a harder more durable surface, that is both scratch-resistant and impact-resistant. The mixed material micro-beads are fired into the stainless steel surface causing plastic deformation and hence compressive stress in the material.

Commonly referred to as PVD, Titanium Oxide Coating is a vapour deposition technique where solid titanium metal is vaporized in a high vacuum environment and deposited on to the sink surface as a pure metal coating. The process transfers the titanium at a molecule level providing an extremely hardwearing coloured layer.

Finally a nano-resin layer of hydrophobic active substance provides long lasting, ultra-thin protection and a durable easy to clean surface effect.

As a genuine Italian company, Gessi focuses on uncompromising craftsmanship, and a new style of living with designs that are to be experienced, not just admired. Everything Gessi creates, and every process involved in the creation, considers the environment in which we live in and the environment in which the product resides. This is one of the many reasons Gessi is actively sought after by architects, interior designers and creatives for not only their work space, but also their private residences, hotels and even yachts. Gessi is committed to designing innovatively using state-of-the-art technology, while also having a low environmental impact. They excel at creating sharp design and finishes, while using the highest quality material and meticulous Italian workmanship.

Located in Gozzano, Italy, Armando Vicario are renowned for their modern design and high-quality kitchen tapware. Their products have been selling for over 40 years, and have consistently used professionalism, experience and constant engagement to produce high-quality taps for a modern design and reliable “Made in Italy” mark. Sleek, simple and stylish — the Armando Vicario range displays European elegance that is designed to last and to impress.

Their well-articulated product range starts from modern single lever mixers in a young and functional design, to the most classic old time pieces.

GARETH ASHTON COLLECTION

Gareth Ashton captures the essence of global design. Its range is built on the latest technologies, practices and solutions in the industry to ensure their customer a pleasurable kitchen experience with modern tapware. Using their unique heritage of innovation, Gareth Ashton continues to bring contemporary style into the homes and spaces of Australia. Today, Gareth Ashton offers not only kitchen tapware solutions, but also a complete bathroom look with toilets, basins, baths, showers and accessories.

They use a contemporary design of minimalism, sleek lines and a combination of organic and angular shapes — Gareth Ashton is, and always will be, a perfect addition to any modern kitchen space.
